TDT4136 Introduction to Artificial Intelligence

Lecture 1: Introduction - Part 1: Practical Information

Pinar Öztürk

Norwegian University of Science and Technology

TDT4136 Teaching Team

Coordinator and lecturer: Pinar Öztürk

Scientific assistants/PhDs: Ayush Kumar Varshney

Håkon Måløy

Ludvig Killenberg

Student assistants:

Airin Thodesen

Andreas Røv Lien

Eivind Hovdegård Furdal

Henrik Irgens Gravdal

Ivar Borge Nore

Jarl Christophe Boudiet

Mathias Pettersen

Shivam Deep Sharma

Simen Strømstad

Simen Vikane

General information

Coordinator and lecturer: Pinar Öztürk (pinar@ntnu.no)

Syllabus:

- Text book: Artificial Intelligence - A Modern Approach, Russel & Norvig, 4th edition
- Lecture slides
- See blackboard ("Syllabus") for more information.

Lecture slides and streams/videos: Published weekly on Blackboard on Thursdays before the lecture

Exam: The final exam counts 100 %.

4 of 5 given assignments are mandatory to deliver and pass in order to take the exam.

Exam date and form: 16.12.2021. Home exam with pass/fail grades

Exam language: Questions only in English, you can answer in English or Norwegian

Main information medium and material source

During the semester, you'll find the most updated information on the Blackboard:

- Announcement about practicalities
- The schedules
- Slides for the main and assignment lectures
- Streams/videos for the main and assignment lectures
- The assignments - 5 total, released on Thursdays
- Various discussion forums for communication between students and the teaching staff as well as among students.

You are responsible to make yourself aware of the announcements on the blackboard

Practical information - Assignments

Assignments: There will be 5 assignments (4 must be delivered and "passed").

Assignment lectures: There will be 4 lectures during the semester. The schedule has been published under "Schedules". The first assignment lecture is on 16th Sept.

Practical information on Lab hours

Start : Labs start on Monday 13th September 2021

Lab hours : These will be held digitally on Teams. 4 hours every day (except Fridays), 16 hours a week between weeks 38- 45. See the hours under Schedules.
